New River Offers Basic Digital Photography Class in Summersville

[Summersville, W. Va.] Learn the skills you need to take memorable holiday photographs this year. New River Community and Technical College will offer a course in Basic Digital Photography from 5 to 9 p.m. on Tuesday and Thursday, Nov. 16 and 18, at the Workforce WV Building in Summersville, W. Va. Students will learn to capture the fun times at family celebrations and the surprised looks on Christmas morning.

Taught by popular Nicholas County photographer Mark Romano, this is a basic course for those who have little to no photography experience. If you want to learn more about your digital camera and the art of taking a good picture, this is the class for you.

Call New River Community and Technical College at (304) 872-4520 to register. Class size is limited and preregistration is required. This class always fills quickly, so call today to reserve your spot.
