INTERMEDIATE DIGITAL PHOTOGRAPHY CLASS OFFERED AT NEW RIVER’S NICHOLAS COUNTY CAMPUS

[Summersville, WV] New River Community and Technical College will offer a course in Intermediate Digital Photography on Monday, Aug. 30, and Wednesday, Sept. 1, from 5 to 9 p.m. at the Nicholas County Campus in Summersville.

Even if you have only the basic skills for taking photographs, this class will benefit you. The class will begin with an overview of how to use the camera and then move on to the skills needed to take better photographs.

This eight-hour class, taught by popular local photographer Mark Romano, will teach you to take photographs, not just snapshots. This is an intermediate course that will appeal both to those with a newfound love of photography and those who have been taking photographs for quite some time and desire to hone their abilities. If you want to learn more about your digital camera and the art of taking a good picture, this is the class for you.

Call New River Community and Technical College at (304) 872-4520 for more information or to register. Class size is limited and pre-registration is required.
