NEW RIVER OFFERS SIGN LANGUAGE, COMPUTER BASICS CLASSES IN SUMMERSVILLE

[Summersville, W. Va.] New River Community and Technical will offer its popular Computer Basics class in Summersville beginning on Thursday, Oct. 7. This class will meet on Tuesday and Thursday evenings from 6-8 p.m. for three weeks, concluding Oct. 23.

This informative class will teach the novice the basics of computer literacy, and participants also will learn how to safely shop online for the upcoming holiday season.

Instructor Brigette Neil, has designed this course for those with no to very limited computer experience. Topics covered will include: step one - the start up menu, components of a computer, basic computer navigation using a Windows operating system, how things are stored, basic computer settings, email accounts, and safely using the internet to buy, sell, and social network.

New River also will offer an eight-week course in sign language taught by Ressie Thomas. The course will introduce the fundamentals of American Sign Language and focus on communication competence covering basic vocabulary, finger spelling, numbers and grammatical non-manual signs. The class will be held on Thursday evenings from 6-8 p.m. beginning Oct. 7. The cost per participant is $75. Due to limited class size, pre-registration is required and early registration is recommended. This class will fill quickly.
Both classes will meet at the Workforce WV Career Center in Northside Shopping Center in Summersville. Please contact New River Community and Technical College’s Office of Workforce Education at (304) 872-4520 to register.

-end-

Call the workforce education department at 872-4520 for more information and to register. Class size is limited and pre-registration is required.
