WEB DESIGN COURSE STARTS JULY 26 ON NEW RIVER’S NICHOLAS COUNTY CAMPUS

[Summersville, WV] New River Community and Technical College will offer a Beginning Web Design course starting July 26 on the Nicholas County Campus in Summersville. If you are familiar with Microsoft Word or Publisher you can create and publish your own personal or business website on the Internet. This hands-on workshop will cover planning the content, structure and layout of your web site. The course will also teach you how to use graphics, backgrounds, links, tables, and animation to make your site dynamic.

Instructor Wally Howerton of WV Vet Tech will teach you about search engine listings and no-cost or low-cost web marketing strategies. Howerton will also show you how to publish your site to a server. Therefore, in addition to the class tuition there will be a small fee to purchase one domain name and introductory server space for three months. This in-depth course will meet four times and teach you what you need to know to get your business or organization noticed on the web.

Classes will meet Monday and Wednesday evenings starting at 6 p.m., July 26-August 4. This is a basic course for beginners of all ages. Call the Office of Workforce Education at (304) 872-4520 for more information and to register.
