Medical Laboratory Technician (AAS)

The program is being revised and is not available for the 2009-2010 academic year.

This two-year program is designed to provide a means whereby qualified students who complete an accredited one-year medical laboratory technician clinical program may be granted associate degrees. The students would then qualify to take the Board of Registry General Certification Examination for Medical Laboratory Technician. The degree is based upon successful completion of the following:

- 34 required hours of course work with a cumulative grade point average of 2.0 (see below);
- acceptance to and completion of an accredited Medical Laboratory Technician clinical program, and
- passage of the Board of Registry MLT exam.

The Medical Laboratory Technician program is offered at the Bluefield Regional Medical Center and is accredited by:

National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)
8410 West Bryn Mawr Avenue, Suite 670
Chicago, Illinois 60631
